TERMS OF CONTRACT:

- The fee for this stud service is _____ with a \$500 deposit to secure breeding date.

- The fee for this stud service is _____ with a \$500 deposit to secure breeding date. Fee will be returned after pick of the litter at 7 weeks.

A stud service includes: natural live breeding, side by side artificial insemination (performed by stud's AI specialist with a \$50 charge per day paid directly to AI specialist) or one shipment of fresh chilled semen. Stud service is for one heat cycle only. One natural live breeding with a tie or artificial insemination via AI with fresh or chilled semen are all considered a breeding and will fulfill this contract.

If the Dam has three or less live puppies then the Stud owner will provide a stud service back to same Dam next heat. Dam owner will pay for any shipping or collection cost for the return stud service.

STUD OWNER AGREES TO:

I, as stud owner agrees to only breed my stud to brucellosis free female. All dams bred naturally or side by side AI must have a clear Brucellosis test, on file & preformed within three months of breeding.

DAM OWNER AGREES TO:

I, as Dam owner, agree to pay for all veterinary bills for said dam before, during, and after the pregnancy. I will not hold stud owner liable for any unseen veterinary care that may arise from this pregnancy or delivery.

I will provide the stud owner with documentation of clear brucellosis test before live/natural breeding.

Dam will receive progesterone test(s) to pin point most viable breeding date.

Stud owner may visit dam two weeks after due date if three or less puppies are born.

I also agree to a non-compete clause and will list the pups at or above what stud owner is charging, _____ for black pups, and _____ for unique markings (caped, cow pattern, merle, sable, brindle, masked, etc.)

Due date to be added after first breeding: _____
